Important Notes About Rehearsals & Attendance:

- The Mustang Band & Guard operates with a fully customized competitive marching band field show. We plan the amount of spots, write the music, and design the visual components specifically for our students!

- Competitive UIL Marching Spots are determined by the following, in order of importance:
1) Attendance, 2) Attitude, 3) Effort, 4) Skill

- All rehearsals (minicamp dates, percussion pad camps, band camp, etc.) are mandatory in order for a member to earn a competitive show spot and fulfill the students' fine arts AND P.E. Credit for Band.

Mustang Band & Guard

2025 Fall Performance Schedule

**This contest and trip serve as our 2025 Band & Guard trip for the 2025-2026 school year. It will include an additional fee for all Band & Guard members.*

Mustang Band & Guard Performance Attendance Policy

Band and Color Guard are Performance-based activities. Community performances and marching contests are how we are able to showcase our amazing students on the biggest stages (fields). Per our Handbook policy, **attendance at all Performances and Contests are required by all members.** Weekend excursions, birthday celebrations, family trips, and other non-school or UIL related activities must be planned around our rehearsal and performance calendar. Missing a football game or performance will result in alternate assignments to make up grades, potential loss of competitive marching spots, concert ensemble reassignment, or removal from the program.

Our members in multiple fall activities are expected to share overlapping rehearsal/practice time. However, it is our policy to allow members to miss rehearsals for games, ag events, or performances in other school-sponsored activities. We will always support and accommodate students in multiple activities at Magnolia West High School

All questions about policies and procedures can be answered in the Mustang Band & Guard Member Handbook.
